

JULIET BALCONIES

Mounting Fixing Thickness Options

ROOFLIGHTS &
SKYLIGHTS UK

Choosing the thickness of the mounting fixing (flush against the brickwork)

Dimensions shown are from the outer face of the glass to the start of the brickwork.
The fixing sits flush on the brick in all options. Rod/anchor extends fully into the brickwork to the far side.

Drawing not to scale.

Please note it is the responsibility of the customer to ensure that all products purchased and used are compliant with the Building Regulations.
